Professional Summary

Results-driven Software Engineer with expertise in Java 17, Spring Boot, Angular, and SQL. Experienced in developing, testing, and maintaining high-performance applications using modern frameworks and tools. Strong background in JPA, Hibernate, and Oracle database development. Proven ability to work in cross-functional teams, deliver projects on time, and create innovative solutions.

Technical Skills

Java 17, Spring Boot, Hibernate, JPA, Angular, JavaScript, HTML, CSS, Oracle, SQL, React, R

Work Experience

Software Engineer – Photon Infotech P Ltd (Aug 2023 – Present)

- Developed and maintained enterprise-grade applications using Java 17, Spring Boot, and Angular.
- Implemented JPA and Hibernate for ORM solutions, optimizing database interactions with Oracle.
- Collaborated with clients to gather requirements and translate them into technical solutions.
- Led the testing and validation of software systems, ensuring adherence to best practices and industry standards.
- Optimized system performance through data analysis and code refactoring.

Junior Software Engineer – ABC Tech Solutions (Jul 2021 – Jul 2023)

- Contributed to the design and development of web applications using Java, Spring Boot, and SQL.
- Worked on UI enhancements with Angular, HTML, CSS, and JavaScript for improved user experience.
- Participated in Agile development processes, including sprint planning, daily stand-ups, and retrospectives.
- Created technical documentation and user manuals for deployed applications.

Education

- CDAC (Centre for Development of Advanced Computing), 2025
- B.E. in Electrical Engineering, JSPM's Rajarshi Shahu College of Engineering, Pune – 2023
